

Dennis Robinson

Video Game Programmer

<http://dennisrobinson.basnetworks.net>
Box 851 Madoc, Ontario, K0K 2K0
president@basnetworks.net
(613) 513-9790

Objective

To develop modern 2D and 3D video games for the PC and/or console, while broadening my experience in the game development field.

Skills

- Fluent in a wide variety of programming languages including: C++, C#, JAVA, PHP, Javascript, Actionscript and Litescript
- Experience with API's such as DirectX, OpenGL and XNA
- Experience with a variety of development tools and pipelines
- Ability to quickly learn new languages and frameworks with little assistance
- Can work productively in a team environment or effectively on my own

Education

Game Development (Programming and Digital Media) 2006 - 2009
Algonquin College, Ottawa, Ontario

- Dean's Honour list for all six semesters
- GPA of 3.7 / 4.0

Ontario Secondary School Diploma 2002 – 2006
Centre Hastings Secondary School, Madoc, Ontario

Related Experience

Developing 2D and 3D games

- Took part in the planning and conception of many different games
- Designed the framework and core 3D functionality of many games
- Designed and implemented user interfaces (start menus and in-game HUDs)
- Worked together with a team of students to create larger scale games

Web Design / Web Application Development

- Over 8 years of web programming experience
- Fluent in PHP, CSS, Javascript and HTML
- Experienced in database design and optimization
- Designed, built and deployed over 30 websites
- Designed an application to integrate the Xfire instant messenger with the popular social network, Facebook
